### TWINNING

Falmouth University, with all their recent rapid expansion, had been seeking a quick and cost-effective way of increasing bed spaces within their halls, whilst providing a cheaper and more flexible choice for incoming students. The increased revenue alongside reduced room rates created a WIN-WIN with a very rapid payback time on the investment. Incrementally over the last few years, they have been ordering additional StudyBeds, and matching furniture, and currently have over 840 StudyBeds in daily use, both for students and Summer lets.

### HOLYPORT ACADEMY

This relatively new school required a workable twinning solution for their new intake of 6th form boarders; StudyBed provided the perfect answer with over 80 now supplied!

Along with matching wardrobes and top boxes the beds provided everything

required to work and sleep in a compact footprint without compromising on quality or functionality.

Within a small shared space, students were effectively given their own clear demarcated work and sleep zones.

*"Our main reason for choosing the StudyBed option was to allow us to successfully twin relatively small bedrooms in a way that not only provided necessary work and sleep facilities for our students, but also helped create a division of personal space within the rooms. The product has been extremely well received by both students and school staff alike, and its robust quality, backed by a 5 year warranty is very reassuring. The StudyBed Company have been thoroughly professional and efficient throughout the entire ordering and installation process, and are a delight to deal with. We are looking ahead already to our next phase of expansion where we hope StudyBeds will provide part of the solution to our continuing successful growth as a College."*

**Administration Officer, Holyport Academy**

### ADCOTE SCHOOL

Adcote School in Shrewsbury took an initial batch of 14 Universal StudyBeds, along with matching Wardrobes and Bookcases to solve cramped spatial issues in both twinned rooms and dorms

*"Your team have done a great job and we are very happy with the service and products. The students are loving them."*

*"I have used StudyBeds twice now and have not only been impressed with the product which is excellent, but also with the very helpful attitude of the staff. I phoned twice with an emergency bedding situation, leaving StudyBeds with very little time. On both occasions they dropped everything and sorted the problem for me with the least stress imaginable. I would highly recommend StudyBeds."*
